2L women will be inducted as LIC agents in 3 yrs: Nirmala

Women aged between 18 and 70 who have completed their 10th-grade education are eligible to apply, said Nirmala Sitharaman

New Delhi: The Bima Sakhi scheme will help increase the number of women in Life Insurance Corporation's agent force, said finance minister Nirmala Sitharaman on Monday. Out of every 100 agents, the state-run insurer currently has 28 women.

The FM, however, said that LIC has come a long way from 2017, when there were six lakh women agents, which increased to a little under 7.5 lakh in 2023. "The Bima Sakhi Programme, which the PM launched today (Monday), is also referred to as a women career agent programme. Under this initiative, 25,000 women will be appointed as Bima Sakhis," she said in Panipat.

"This stipend serves as a basic support allowance. Additionally, women agents can earn commissions based on the insurance policies they secure, with their earnings increasing in proportion to the business they bring in," she said.

'Reform, Perform, Transform' powered India's growth: PM

Pitches Raj As Investment Destination

Srikanta.Tripathy
@timesofindia.com

Jaipur: The Union govt's motto of 'Reform, Perform and Transform' has led to remarkable growth across all sectors and helped attract the attention of investors, PM Narendra Modi said on Monday as he pitched Rajasthan as an attractive destination and urged investors to take advantage of the vast opportunities that the state offers.

Speaking at the inauguration of Rising Rajasthan investment summit which saw heavyweights of India Inc, including Gautam Adani, Anil Agarwal, Kumar Mangalam Birla and Anand Mahindra among the audience, the PM underscored the speed of the country's progress under the BJP-led

Modi with Rajasthan governor HK Bagde and CM Bhajanlal Sharma at the summit. Among those in the audience were Gautam Adani, Anil Agarwal, Kumar Mangalam Birla and Anand Mahindra

govt. He said that while India took seven decades to become the 11th largest economy of the world, the country grew to be the 5th largest economy in just one decade. "India's exports have also almost doubled in the past 10 years. FDI has more than doubled as compared to the decade before 2014," the PM said. Modi said the power of democracy, demography, digital data, and delivery is

evident from the country's success. "In a diverse country like Bharat, democracy is not only thriving but also becoming increasingly stronger, which is a significant achievement in itself. While remaining democratic, Bharat's philosophy is centred on the welfare of humanity, which is intrinsic to its character. Today, the people of Bharat, through their democratic rights, are vot-

ing for a stable govt," he said while pointing to the need for a reliable supply chain against the backdrop of geopolitical tensions.

Modi said the world today needs an economy that remains robust even in the face of major crises and operates without disruptions. "For this, it is essential to establish a broad manufacturing base in Bharat. This is not just important for Bharat but also for the global economy. Recognising this responsibility, Bharat has committed to self-reliance in manufacturing on a significant scale. Under the 'Make in India' program, Bharat is emphasising low-cost manufacturing. The country's petroleum products, pharmaceuticals and vaccines, and electronic goods are examples of record-breaking manufacturing efforts that are benefiting the world."

CM Bhajan Lal Sharma said investment worth Rs 35 lakh crore has been pledged by industrialists so far.

TN resolution asks Centre to cancel Hind Zinc mining rights

Chennai: The Tamil Nadu assembly on Monday passed a resolution urging Centre to immediately cancel tungsten mining rights granted to Hindustan Zinc Limited in the state, following an intense debate in the Assembly House.

CM MK Stalin, who intervened during the debate, asserted he would not allow mining at any cost, as it would affect the livelihoods besides adversely impact the environment.

"Tungsten mining will not be allowed under any circumstances. If it (project) comes, then I will not hold this post (of CM)," Stalin said when LoP Edappadi K Palaniswami charged the ruling dispensation with "being silent" for 10 months and deciding to act only after the people in the affected areas of Melur in Madurai district began to protest.

The resolution piloted by state water resources minister Duraimurugan was passed unanimously with BJP choosing not to oppose it at the introductory stage.

India-Russia tie-up gives Navy its latest hi-tech stealth frigate

TIMES NEWS NETWORK

New Delhi: The country's latest warship INS Tushil, a 3,900-tonne multi-role stealth frigate packed with weapons and sensors, was commissioned at Kaliningrad on Monday with defence minister Rajnath Singh stating that not only will India and Russia further strengthen their extensive defence ties but also give priority to collaboration in "new and unexplored areas".

"India and Russia will enter a new era of cooperation by taking advantage of each other's expertise in areas such as AI (artificial intelligence), cyber-security, space exploration and counterterrorism," Singh said, adding that INS Tushil's commissioning was "a significant milestone" in the long-standing strategic partnership between the two nations.

The bilateral "technical and operational collaboration is constantly touching new heights" under the leadership of PM Narendra Modi

and President Vladimir Putin. "The 'Made in India' content is continuously increasing in many ships, including INS Tushil. The ship is a big proof of the collaborative prowess of Russian and Indian industries," he added.

Navy chief Admiral Dinesh K Tripathi, in turn, congratulated all those involved in the frigate's construction, especially the Yantar shipyard workers and all Russian and Indian original equipment manufacturers for their "exceptional work, flawless integration of Indian systems with Russian systems and contribution to the quality capability upgrades" achieved in the project.

The 125-metre-long INS Tushil, an upgraded Krivak-III class frigate designed for blue-water operations across the spectrum of naval warfare in all four dimensions of air, surface, underwater and electromagnetic, will be followed by the commissioning of the second warship built in Russia as INS Tamal early next year.

Can't give reservation based on religion: SC

While hearing Bengal govt's plea challenging the decision of Calcutta HC to quash the OBC classification of 77 communities, mostly belonging to the Muslim religion, SC observed that reservation could not be given on the basis of religion but the state clarified that the basis was not religion but backwardness, a bench said. Senior advocate Kapil Sibal, said reservation was granted not on the basis of religion but on the basis of backwardness of the communities. TNN

Sidda may restore 4% Muslim quota in K'taka

Belagavi: Karnataka chief minister Siddaramaiah hinted in the assembly Monday that Congress govt would restore the 4% Muslim quota that the erstwhile BJP-led coalition scrapped in March 2023, citing saffron party's subsequent affidavit in court that purportedly talks about maintaining status quo on the contentious issue.

Siddaramaiah raised the opposition's hackles by saying BJP's move smacked of doublepeak — first transferring the Muslim quota to two other communities and then allegedly saying the opposite in its affidavit in SC. "The former ex-BJP govt did not include the Panchamasali Lingayats in the 2A quota. Instead, it snatched the 4% Muslim quota under 2B and redistributed it — 2% to Veerashaiva-Lingayats and 2% to Vokkaligas under 3A and 3B... This led to injustice," he said. CM's remarks came amid an uproar over the state govt clamping restrictions on the Panchamasali Lingayat community's proposed protest at the assembly complex. When BJP MLAs R Ashoka and CN Ashwathnarayan demanded proof of their party contradicting its decision to scrap the Muslim quota, Siddaramaiah said, "I shall table the affidavit filed by the previous govt tomorrow itself."

Centre & state govt must act in Manipur, not us: Top court

Dhananjay.Mahapatra@timesofindia.com

New Delhi: Realising that its intervention failed to douse the 18-month-old Kuki-Meitei ethnic conflagration that continues to smolder in Manipur, SC on Monday focused on remedial measures by asking the state to give details of properties burnt, damaged, looted or illegally occupied during the crisis.

"We want every detail of such incidents. Also give details of action taken by the state in each of these incidents and whether the prop-

erties which have been encroached upon or illegally occupied have been restored to the original owners and whether the encroachers have been penalised," ordered a bench of Chief Justice Sanjiv Khanna and Justice Sanjay Kumar.

The bench told solicitor general Tushar Mehta and additional solicitor general Aishwarya Bhati that the court is not going to pass any orders on supplementary applications filed by other persons as "it is Union and state govt that have to take action, not us".

Hasina's statements from India create tensions: Yunus

Continued from P 1

As Bangladesh under Yunus looks to rebuild ties with Pakistan, Dhaka also called for revitalisation of Saarc in the meetings with Misri. The visit by the foreign secretary came close on the heels of a diplomatic row with Dhaka over the arrest by Bangladesh authorities of a Hindu monk who was slapped with sedition charges. It is learnt that Misri raised the issue, seeking a fair and transparent legal process for him.

Jashim Uddin was quoted as saying after his meeting, "We highlighted that all religions in Bangladesh are practised freely and there is no room for confusion or misrepresentation." He added that "foreign comments" on inter-

Foreign secretary Vikram Misri with Bangladesh counterpart Mohammad Jashim Uddin (L) in Dhaka on Monday

nal issues of Bangladesh were inappropriate.

According to the Bangladeshi diplomat, while Dhaka will wait to hear from relevant departments before seeking her extradition, it conveyed to India that it doesn't approve of Hasina's statements coming out of Delhi.

According to an Indian readout, Misri highlighted India's support for a democratic, stable, peaceful, progressive and inclusive Bangladesh. "He reiterated India's willingness to build a positive and constructive relationship with Bangladesh, based on mutual trust and respect and mutual sensitivity to each other's concerns and interests," said the Indian govt.

Misri was said to have emphasised that people are the main stakeholders in India-Bangladesh relations and noted that India's development cooperation and multifaceted engagements with Bangladesh, including in the areas of connectivity, trade, power, energy and capacity building, are all geared towards the benefit of the people of Bangladesh.

AAP drops 16 sitting MLAs in 2nd list of 20

Abhinav.Rajput
@timesofindia.com

New Delhi: Aam Aadmi Party released its second list of 20 candidates on Monday for the upcoming Delhi assembly polls, dropping 16 sitting MLAs and moving two others — former deputy chief minister Manish Sisodia and deputy speaker Rakhi Bidlan — to new seats.

Sisodia, who ranked second in the party hierarchy and held the seat thrice, was shifted from his Patparganj constituency to Jangpura. Civil services coaching teacher, popular on social media as a motivational speaker, Avadh Ojha, who joined AAP last week, will now contest from Patparganj.

Bidlan has been shifted to Madipur instead of her current Mangolpuri seat, which went to Rakesh Jatav Dhamrakshak. From two seats, Krishna Nagar and Chandni Chowk, the baton has passed to sons, with incumbent MLA S K Bagga's son Vikas from the former and Prahlad Sawhney's son Purnadeep being given tickets. Since 2013, AAP has governed Delhi and is now seeking a fourth term in February. The party's previous landslide victories, securing 67 seats in 2015 and 62 seats in 2020, stand in contrast to the current situation. Party insiders indicate that anti-in-

cumbency sentiment has emerged, resulting in several sitting legislators being denied tickets for re-election.

After the names were finalised by the party's national convener, Arvind Kejriwal, in a political affairs committee meeting, AAP Delhi convener Gopal Rai said, "We are confident that AAP's election campaign will now progress with more strength, and we will form govt under Arvind Kejriwal with people's support."

The list also includes the names of former MLAs Jitender Singh Shunty (fielded from Shahdara) and Surendra Pal Singh Bittu (Tiharpur), who recently quit BJP to join AAP. Shunty replaced Vidhan Sabha Speaker Ram Niwas Goel from Shahdara, who last week retired from active politics. AAP awarded a ticket to Bittu, replacing incumbent ML Dilip Pandey. Pandey, a veteran AAP member since the days of Anna Hazare's movement.

A senior party functionary said that the reason the party came up with two lists early is because it wants to give time to candidates to prepare for their constituencies. "Most candidates are new to their constituencies, so giving them time will help them form a strategy in a better way," said a party functionary.

Why China 'turning off tap' may be another Pak bluff

Assam CM Says It Might End Up Helping India; Experts Back Him

Prabin Kalita & Vishwa Mohan

Guwahati/New Delhi: Assam CM Himanta Biswa Sarma Monday demolished latest Pakistani scare-mongering after India decisively stepped away from Indus Waters Treaty — what if China cuts off Brahmaputra's water supply to India? He called it a myth & cited hard data to prove the river slicing through Assam is a rain-fed watercourse that grows in India, not shrinks.

"Let's dismantle this myth — not with fear, but with facts and national clarity," Sarma posted on X, adding: "Brahmaputra is not a river India depends on upstream — it is a rain-fed Indian river system, strengthened after entering Indian territory."

China's interventions will have 'negligible effect' on Brahmaputra's flow

According to Sarma, China's contribution to the river's flow is minimal, only 30-35%, mostly from glacial melt and limited Tibetan rainfall. The rest 65-70% is generated inside India by torrential monsoon rainfall across Arunachal, Assam, Nagaland, and Meghalaya.

Sarma further listed major Indian tributaries feeding Brahmaputra — Subansiri, Lohit, Kameng, Manas, Dhansiri, Jia-Bharali, and Kopili, along with inflows from Khasi, Garo, and Jaintia Hills via rivers like Krishnai, Digaru, and Kulsai.

If China ever does "turn off the tap", Sarma said it might actually reduce flood devastation in Assam, which displaces lakhs annually. At Tuting on India-China border in Arunachal's Upper Siang district, Brahmaputra's flow is 2,000-3,000 cubic metre per second — but swells to 15,000-20,000 cubic metre per second in Assam during monsoon.

Backed by water governance ex-

erts, Sarma's post drew strong support from Nilanjan Ghosh, vice-president of Development Studies and senior director at Observer Research Foundation in Kolkata. Ghosh said China's upstream interventions will have "negligible or almost no effect" on Brahmaputra's overall flow.

Brahmaputra originates at Angsi Glacier in Tibet, flows 1,625km as Yarlung Tsangpo before entering India where it runs 918km — as Siang, Dihang, then Brahmaputra — and finishes its 2,880km journey with a 337km stretch in Bangladesh, before meeting Ganga.

Though China has announced plans to build a massive hydropower dam on Yarlung Tsangpo, Indian experts said Brahmaputra's scale and Indian monsoon strength make fears of water cuts largely unfounded.

ISDA senior fellow Uttam Sinha, citing peer-reviewed data, said even during lean periods Yarlung Tsangpo's annual outflow from China is far lower than Brahmaputra's total discharge in India.

CBI: Lalu forced babus to appoint those who gifted land for rly jobs

New Delhi: Lalu Prasad as the then railway minister exerted excessive pressure on ministry officials to clear the applications of Group-D job applicants who gifted land parcels or sold them at dirt cheap rates to him and his family in exchange for railway jobs, CBI told a Delhi court Monday.

CBI has named 102 people as accused in the land-for-railway-works scam. Lalu's family acquired over 1 lakh sqft of land for just Rs 26 lakh against Rs 4.39 crore circle rate of the property, it alleged.

The agency stressed the fact that multiple applications were cleared the same day while there was no advertisement for the vacancies. "Look at the speed. It is such a tedious process... How can so many applications in bulk be decided instantly? No justification was given to hire substitutes," special public prosecutor DP Singh told the court.

CBI alleged discrepancies in the documents submitted by those given the jobs. TNN

Sextortion, cyber fraud racket with call centres busted

Rajshekh Jha
@timesofindia.com

New Delhi: Tracking a run-of-the-mill tip about delivery of some bank account kits to criminals led the crime branch to bust a major cybercrime module engaged in large-scale bank fraud and sextortion of businessmen, elderly and others in the city. The module ran full-fledged call centres to trap victims.

Special commissioner (crime) Devesh Srivastava confirmed that 15 individuals, including five women, had been arrested and raids were being conducted to nab others involved in the scam.

The module used explicit videos, screenshots and photos to extort crores of rupees from its victims. As many as 67 illicit videos, 242 screenshots and 377 photos have been recovered from the accused, pointing to the large number of victims targeted by the network. "We have also identified 27 current victims who were being threatened by the accused with having their illicit videos made public if they don't pay up," Joint CP (crime) Surender Kumar said.

The analysis of transactions of the scammers' bank accounts has revealed the scale of their operations, with over Rs 3 crore parked in a SBI account, Rs 48 lakh in a DCB bank account, Rs 12 lakh in an ICICI account and Rs 11.43 lakh in a Kotak Mahindra bank account, besides Rs 2.12 lakh in a Jana Small Finance bank account. The operation was conducted by a team led by ACP Anil Sharma and inspector Manjeet.

"On May 24, intelligence was received regarding the movement of a consignment suspected to contain synthetic bank account kits in New Ashok Nagar area of east Delhi. These kits were reportedly being used in various high-tech crimes such as sextortion, banking scams and card cloning, which have seen a surge both in frequency and sophistication," DCP (crime branch) Aditya Gautam said.

A raid was conducted and three individuals were arrested. They were identified as Ujjwal Pandey (30) from Krishna Nagar, Gaurav Barua (24) from Trilokpuri and Yug Sharma (19) from Mayur Vihar.

During investigation, another raid was conducted, leading to the dismantling of an illegal call centre involved in fraudulent bank loan schemes. This call centre was based in Mundka area from where seven individuals were apprehended by ACP Sharma's team. Among them, Dilshad Ali emerged as a key operative. Further raids led the cyber cell team to arrest four more members of this module which was operating an organised sextortion racket.
